

Talking Points

1. What is a Community Health Assessment?

The CHA establishes what the health of Williamson County looks like every three years. It helps the county determine need and identify the top health priorities.

2. Who was involved in the process?

The CHA was developed in collaboration with:

as well as community members and stakeholders who participated in focus groups, interviews, surveys, and Photovoice.

3. What are the top health priorities?

- Social and structural determinants of health
- Mental health and well-being
- Chronic disease and chronic disease risk factors
- Access to healthcare

4. How can you get involved?

- Talk to your city leaders and city council members about working to improve the top health priorities.
- Beginning in the fall of 2022, Williamson County and Cities Health District will develop the 2023–2025 Community Health Improvement Plan (CHIP). All cities are invited to participate in the development and implementation of the CHIP.

How will *you* work to improve the top health priorities?
